Benvenuti nel **cuore** del mare Adriatico

Benvenuti nel cuore del mare Adriatico, in questa terra di Croazia la cui vita da secoli pulsa di cultura, natura lussureggiante e clima mite. Questo lembo del Mediterraneo, sia nella sua parte costiera e insulare, sia nell'entroterra, è abitato da millenni. I primi abitanti di queste terre, le cui tracce e il cui ricordo sono ancora vivi, in questo singolare connubio di mare e terraferma riuscirono a trovare l'equilibrio della quotidianità.

La regione zaratina si trova letteralmente nel cuore geografico dell'Adriatico. Essa mette insieme la magica bellezza naturale del Mediterraneo con un invidiabile patrimonio di beni culturali, ciascuno con una storia da raccontare.

Welkom in het **hart** van de Adriatische kust

Welkom in het hart van de Adriatische kust, het Kroatische gebied dat al eeuwenlang bruist van cultuur, weelderige natuur en het milde klimaat. Veel oude volkeren hebben dit gedeelte van het Middellandse Zeegebied gewaardeerd — haar kust en haar eilanden, evenals het achterland van Zadar. Deze regio is al duizenden jaren bewoond, al vanaf de prehistorie. Tot op heden zijn de sporen en de herinneringen van de voormalige bewoners van dit gebied bewaard gebleven.

De regio Zadar is letterlijk in het geografische hart van de Adriatische kust gelegen en verenigt het sprookjesachtige mediterrane natuurschoon met historische monumenten, waarvan elk een verhaal van een vergane tijd vertelt.

La regione di Zara (Zadar in croato) è facilmente raggiungibile tanto in aereo, quanto via terra e via mare. La Contea zaratina (Zadarska županija), infatti, ha un aeroporto internazionale a soli cinque chilometri da Zara, oltre ad essere collegata con una moderna rete autostradale e con numerose linee di autobus, mentre le isole abitate sono servite da una capillare rete di linee di traghetti, catamarani e navi veloci.

Zara, centro amministrativo della Contea, è una città di monumenti medievali, ma anche di una vita dal ritmo straordinariamente moderno, attornata dai fertili campi dell'entroterra e affacciata a più di centocinquanta isolotti brulli che formano il suo arcipelago. Zara è anche il capoluogo della Contea, i cui confini vanno dall'isola di Pag (Pago) al Parco nazionale Kornati (delle isole Incoronate).

Nella Contea zaratina, le bellezze naturali e i beni storico-culturali vivono in armonia da secoli. Come l'uomo, d'altronde, che vive fin dalla preistoria in questo spazio così ristretto, in perfetta sintonia con una natura che con lui s'è dimostrata davvero generosa.

Per questo motivo la regione di Zara è ogni anno meta di tanti "nomadi" in cerca, non solo d'estate, di scorci di natura incontaminata a due passi dalla civiltà contemporanea, in cerca di pace o in cerca di se stessi... Una volta giunti in questa piccola regione della Croazia, è possibile trovarvi una tale varietà come raramente accade altrove: dalla più piccola cattedrale del mondo d'epoca medievale, all'ormai celebre Organo marino, dai parchi nazionali ad alcune meraviglie della natura come il fiume Zrmanja e le montagne del Velebit (le Alpi Bebie). In un raggio di appena cento chilometri si va dal turchese di un mare stupendo, al candore dei pendii innevati, dalle fertili pianure al più brullo dei paesaggi carsici, da borghi antichi a solitarie calette isolate...

Questo mondo in miniatura, questo cuore dell'Adriatico, è qui ad attendervi, pronto a farsi scoprire per rivelarvi tutta la bellezza dei suoi tesori.

Deze regio is gemakkelijk te bereiken door de lucht, over land of over zee. De provincie Zadar heeft een internationale luchthaven, vijf kilometer van Zadar vandaan, die met de regio is verbonden via een moderne snelweg en via buslijnen, terwijl de bewoonde eilanden in de buurt verbonden zijn door een uitgebreid netwerk van veerboot lijndiensten, catamaran- en snelbootverbindingen.

Zadar is het administratieve centrum van de regio, een stad van middeleeuwse monumenten, omgeven door vruchtbare velden in het achterland en met uitzicht op meer dan honderdvijftig karststeen eilanden in haar archipel. Deze stad is tevens het centrum van de provincie, die zich vanaf het eiland Pag helemaal tot aan het Kornati Nationaal Park uitstrekt.

Het natuurschoon en de cultuur-historische monumenten van deze regio bevinden zich in een eeuwenoud evenwicht, omdat de mens hier al eeuwenlang in harmonie met de natuur leeft, die op zo'n klein gebied zo veel diversiteit vertoont.

Om deze reden is de Zadar regio de bestemming van vele moderne nomaden, mensen die tijdens de zomermaanden, maar ook in andere jaargetijden, op zoek zijn naar de natuur, ongerept door de moderne beschaving, op zoek naar de rust of naar zichzelf...

Wanneer u aankomt, kunt u hier, op een betrekkelijk kleine oppervlakte, zo veel vinden als op weinig andere plekken ter wereld —vanaf de kleinste kathedraal ter wereld uit de middeleeuwen, het alom beroemde Zee-orgel tot aan de nationale parken en wonderen van de natuur, zoals de Zrmanja rivier en het Velebit gebergte. Binnen een straal van honderd kilometer vindt u de prachtige turquoise, kristalheldere zee, de hellingen van de met sneeuw bedekte bergen, een vruchtbare hoogvlakte en onherbergzame karststeen gebieden, de eeuwenoude stad en de afgelegen baaien op de eilanden...

Dit hart van de Adriatische kust wacht op u om het in haar volle rijkdom te ontdekken.
